

ABCO® DIGITAL THERMOMETER KIT

Digital readout in about 60 seconds. More accurate than glass thermometers. Beeps when measurement is complete. Automatic shut-off. Replaceable battery. Moisture resistant. Dual scale (F/C). Includes 5 thermometer sheaths.

078000 Digital Thermometer Kit, 12/cs

ADC® ADTEMP™ HYPOTHERMIA THERMOMETER

The first digital extended range thermometer. Auto off function conserves battery life. Replaceable 1.55v type battery provides up to 1,500 measurements. Clear two-piece plastic storage case.

419 Digital Hypothermia Thermometer

ADC® ADTEMP™ I DIGITAL THERMOMETER

An electronic thermometer designed and priced to be a viable replacement for mercury filled glass thermometers, which are gradually being phased out of healthcare. This new model features a striking translucent housing with integral case. It is dual-scale (C/F) switchable, water resistant and offers a last reading memory. It does not have a beeper, but it will lock in the reading once measurement is complete. This makes an ideal item as a true mercury thermometer replacement. Features a storage case, long life battery and auto-off feature.

412-00 Mercury Replacement Digital Thermometer, Bulk, 20/pk
412K Single Patient Use Digital Thermometer SPU Kit

ADC® ADTEMP™ II DIGITAL THERMOMETER

Features a water resistant design, last reading memory and is dual scale (C/F) switchable. Replaces the 410 and 6001 series thermometers.

413B Oral Digital Thermometer
413B-00 Oral Digital Thermometer, 25/pkg
413BK Oral Digital Thermometer SPU Kit
413R Rectal Digital Thermometer
413R-00 Rectal Digital Thermometer, 25/pkg
413RK Rectal Digital Thermometer SPU Kit

ADC® ADTEMP™ III DIGITAL THERMOMETER

An electronic thermometer with a flexible probe designed for patient safety. The flexible probe provides greater patient safety and is ideal for pediatric applications. It is dual-scale (C/F) switchable, water resistant and offers a last reading memory. Beeps when measurement is complete. Features a storage case, long life battery and auto-off feature.

414 Digital Thermometer, Flex Tip, Retail Boxed
414K Digital Thermometer Kit, Flex Tip, SPU Kit

ADC® ADTEMP™ IV DIGITAL THERMOMETER

415 Digital Thermometer
415K Digital Thermometer SPU Kit

ADC® ADTEMP™ V DIGITAL THERMOMETER

Represents state-of-the-art in micro digital fever thermometers. This new unit features a stylish European design, extra large display and flexible tip. It is water resistant, dual scale (C/F) switchable and has a last reading memory. The response time is 10 seconds rectal and 18 seconds oral. Beeps when measurement is complete. Features a storage case, long life battery and auto-off feature.

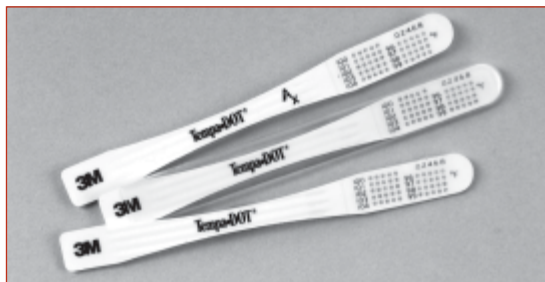

418 Super Fast Read Digital Thermometer, Flex Tip, Boxed w/5 sheaths

ADC® ADTEMP™ TYMPANIC THERMOMETER

Measures core temperature instantly from the ear reliably and accurately. Patented technology scans 512 times per second. Probe cover free design is less costly and more convenient to use. Large 6mm display is easy to read. Ultra compact ergonomic design fits comfortably in operator's hand and patient's ear. Fever alarm at 100.4°F. Complete with lithium battery, zippered nylon storage/travel case, and operating instructions.

421 Tympanic Thermometer

3M™ TEMPA-DOT™ AX THERMOMETERS

Single-use and disposable with an adhesive strip to hold itself in place in the underarm area when measuring axillary body temperature. Individually wrapped.

ABCO® PREMIUM ANEROID

Top of the line aneroid, featuring a 300mmHg no-pin stop gauge with precision mechanism backed by a lifetime calibration warranty. White scale on contrasting black face with red needle is easy to read even in low light conditions. Extended graduations eliminate parallax. Inflation system features black nylon cuff with marking system. Premium latex bladder and bulb. Precise deflation control. Chrome plated brass air release valve with filter screen protection permits precise deflation control. Includes leatherette case with nylon zipper. Assembled in the U.S.A.

040720	Adult Premium Aneroid, Black
040722	Child Premium Aneroid, Black
040723	Large Premium Aneroid, Black

ABCO® STANDARD ANEROID

Features a 300mmHg no-pin stop gauge with black face and contrasting white graduation marks for easy reading even in low light conditions. Extended graduations eliminate parallax. Precision mechanism backed by a 20 year calibration warranty. Cuff with size guide simplifies measurement. Latex bladder and bulb, chrome plated brass valve. Complete with leatherette case with nylon zipper. Assembled in the U.S.A.

040900	Adult Standard Aneroid, Black
040901	Child Standard Aneroid, Black
040902	Large Standard Aneroid, Black
040903	Thigh Standard Aneroid, Black
040904	Infant Standard Aneroid, Black
040905	Gauge Only (for use with all sizes), Standard Aneroid

ABCO® INFLATION SYSTEM

Includes ADCUFF™ nylon cuff, deluxe 2-tube bladder, bulb and valve. For use with most aneroid or mercurial blood pressure instruments. Individually boxed. Latex.

040920	Large Adult Inflation System, Black
040929	Adult Inflation System

OMRON ECONOMY ANEROIDS

Calibrated nylon or cotton cuff with artery label and manometer tab. Bold, black graduations on white faceplate. Gray or blue enamel, no stop pin, 300 mm Hg gauge. Latex inflation system. Standard air release valve. Zippered carrying case. 10 year calibration warranty, ± 3 mm Hg.

11-200	Adult Aneroid w/nylon cuff, Blue, Blue Enamel
11-200C	Child Aneroid w/nylon cuff, Blue, Blue Enamel
11-200X	Large Adult Aneroid w/nylon cuff, Blue, Blue Enamel

OMRON REGENCY ANEROID

Large, easy-to-read, 6" faceplate with white numerals on blue background with blue nylon adult cuff. ABS plastic casing encloses a no stop pin 300mmHg gauge. Lifetime calibration warranty ± 3 mm Hg.

11-675D	Square Faced Wall Mounted Aneroid w/nylon cuff
11-675DNL	Square Faced Wall Mounted Aneroid w/latex free nylon cuff
21-017D	Clock Aneroid For 11-785 & 11775D

OMRON CUFF AND BLADDER SETS

Calibrated Blue Nylon Cuff w/double-tube bladder.

21-031CNL	Child, Latex Free (Neoprene)
21-031NB	Newborn
21-071	Replacements Calibrated Nylon Cuff, Blue, Adult
21-071X	Replacements Calibrated Nylon Cuff, Blue, Large Adult

TRIMLINE BLADDERLESS SOFT CUFFS, LATEX-FREE

Economical, soft fabric blood pressure cuffs are comfortable for patients, even during lengthy procedures. Each size is printed in a different color print for easy identification. Cuffs feature the exclusive Pre-Gaged® BALANCED™ design with an exterior sizing guide and a "Use Larger Cuff" area to help prevent miscuffing, and a longer 'bladder' length to facilitate right or left arm use. Cuffs and tubing are completely latex-free. Can be used with all manual and NIBP monitors; connectors/adapters available. Conforms to American Heart Association and AAMI recommendations. 5/bx. Made in the USA.

WELCH ALLYN CLASSIC HAND ANEROID

Unsurpassed accuracy and durability in the traditional classic design. Tyco Classic Hand Aneroid has delivered performance and reliability in worldwide clinical use. Precision, jewelled bearings resist wear for consistently accurate readings. Dial face is individually laser-engraved for exact calibration. Crisp white graphics on large charcoal-gray scale. Phosphor-bronze aneroid bellows ensure consistent pressure measurement. Recessed dial brings needle and dial markings close together and eliminates parallax. Single-tube luer connector allows easy interchange of cuff sizes. Lifetime calibration and manufacturing warranty. All latex free.

ADC® SYSTEM 5™ BLOOD PRESSURE SYSTEM

A multipocketed, heavy duty 1000D nylon attache style case that keeps each component securely in place yet instantly accessible. Dual zipper closure permits rapid access to the contents, protects against the elements. Measures a compact 10" x 9" x 4" when closed, weighs just 1 1/2 lbs. Compact enough to fit in most emergency bags or trauma boxes. Reinforced carry handle doubles as a hang tab for wall mounting in the open position. Includes infant, child, adult, large adult and thigh ADCUFF™ nylon cuffs featuring the Size Guide™ marking system with a one tube latex inflation bladder. Cuffs equipped with quick release luer slip connector to permit rapid and secure selection of the appropriate cuff. Both systems utilize the revolutionary DIAGNOSTIX™ 804 palm style manometer with precision crafted German mechanism housed in a patented double shell ABS impact polymer casing. Ambidextrous trigger release air valve. Case and cuffs available in color coordinated navy or orange. Assembled, inspected and packaged in the U.S.A. Two year inflation system warranty. Lifetime calibration warranty.

ABCO® M.D. DESK MODEL MERCURIAL SPHYGMOMANOMETER, LATEX-FREE

Virtually unbreakable instrument made of polystyrene with a Merc-Loc® Top and a shatterproof acrylic tube to safely contain the mercury. Includes a sturdy, non-skid base for stability and 5 ft of non-latex extendable tubing that carries a 35-year guarantee. Cuff fits neatly behind instrument. Conforms to AAMI standards. Made in the USA. Available with an adult size, latex-free inflation system featuring the Pre-Gaged® cuff which has an antimicrobial treatment to help prevent bacterial growth and mildew, the nylon BALANCED™ bladder with a 5-year guarantee, non-latex inflation bulb and valve. Instruments color is muffin tan; for other colors add the following suffixes: Black-02, Light Blue-04, Rose-05, Mint Green-06, Winter White-07.

380200	Sphygmomanometer Only
380203	Sphygmomanometer w/adult size BALANCED™ inflation system

ABCO® BULBS AND VALVES, LATEX-FREE

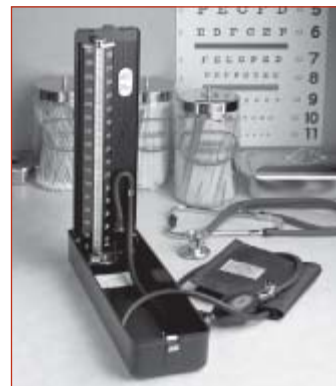

Standard valves are handcrafted in the USA of anodized aluminum and can be disassembled for cleaning. Non-latex inflation bulb is available in standard and extra large. Completely latex-free. Can be used with all competitive blood pressure systems.

ADC® DIAGNOSTIX™ 932 SERIES SPHYGMOMANOMETER

Rugged housing constructed from a combination of virtually indestructible ABS and diecast aluminum. Striking black finish complements any decor. Contemporary upright design with weighted base and integral wire inflation system basket. Graduated unbreakable plastic cartridge tube features a massive 5.00mm inside bore for unrestricted, friction-free mercury flow. White oversized numerals on contrasting black scale combined with high visibility red graduations for easy reading. EZ-Tube™ system allows safe, simplified maintenance of the cartridge tube or top cap filters. Additional safety provided by the locking reservoir which secures mercury for transport or maintenance. ADCUFF™ black nylon cuff with ADC®'s proprietary Size Guide™ marking system ensures proper cuff positioning and use of correct cuff size. Dip molded latex inflation bladder withstands heavy use. Latex inflation bulb fitted with filter screen end valve reduces dust build-up. ADFLOW™ chrome plated brass air release valve with filter screen protection permits precise deflation control. Comprehensive owner's manual. Assembled, inspected, and packaged in the U.S.A. from foreign components. Two year inflation system warranty. Lifetime warranty on cartridge tube.

ADC® DIAGNOSTIX™ 922 SERIES SPHYGMOMANOMETER

Rugged diecast aluminum housing with textured black baked enamel finish complements any decor. Fold down cover with spring lock mechanism. Graduated unbreakable plastic cartridge tube features 4.00mm inside bore for unrestricted, friction-free mercury flow. High visibility red graduations. Filter system keeps mercury clean for reliable performance. Locking reservoir secures mercury during storage, transport, or maintenance. ADCUFF™ black nylon cuff with ADC®'s proprietary Size Guide™ marking system ensures proper cuff positioning and use of correct cuff size. Dip molded latex inflation bladder withstands heavy use. Latex inflation bulb fitted with filter screen end valve reduces dust build-up. ADFLOW™ chrome plated brass air release valve with filter screen protection permits precise deflation control and years of reliable service. Comprehensive owner's manual. Assembled, inspected, and packaged in the U.S.A. from foreign components. Two year inflation system warranty. Lifetime warranty on cartridge tube.

American Diagnostic Corporation

SMITHS MEDICAL PM CAPNOCHECK® II CAPNOGRAPH/OXIMETER

Hand-held capnograph/oximeter is a full-featured monitor providing ETCO₂, Inspired CO₂, Respiration Rate SpO₂, and Heart Rate measurements. Ideal for use in and out of the hospital environment. A back-light feature on the display enables easy viewing in difficult lighting. Battery operated with an optional battery bypass offers flexibility for stationary and transport applications. Includes: 8400 Monitor, 1894 Operation Manual, 3044 Oximetry Finger Sensor, 8412 Protective Rubber Boot, 8214 Patient Attachment Kit includes the following: 8208 Capnocheck Filters (10), 8211 Capnocheck Sample Lines, 4 ft (10), 1100 Airway Adapter, straight without filter (10).

8400	Capnograph/Oximeter w/battery & charger
8400E	Capnograph/Oximeter w/battery eliminator
8400NP	Capnograph/Oximeter w/o Power Supply
8401	Capnograph w/battery & charger
8401E	Capnograph w/battery eliminator
8401NP	Capnograph w/o power supply

RESPIRONICS CAPNOGARD® CAPNOGRAPHY MONITOR

Provides reliable mainstream measurement and display of end tidal carbon dioxide (ETCO₂) and respiratory rate. Sidestream sampling is a standard feature. Rugged solid-state construction, small and lightweight. Reusable and single patient use low dead-space airway adapters are available for monitoring adults, neonates and non-intubated patients. Provides a capnogram display, on-screen trending and histogram display of ETCO₂ and respiratory rate for up to 24 hours. A calendar/clock allows events, and the time they occur, to be marked in trend memory. RS232 computer and printer interfaces are standard. Uses a large SuperBright Cold Cathode Display (CCD), has a built-in combination kickstand and bedrail hanger and operates from AC power or its internal two hour battery. A sampling system for non-intubated patients is standard.

5555-00	Capnogard Capnograph Monitor Model 1265 Includes Capnostat CO ₂ Sensor
---------	---

SMITHS MEDICAL PM CAPNOCHECK® SLEEP CAPNOGRAPH/OXIMETER

Specially designed for sleep screenings and lab-based sleep studies. Its 4-channel analog output capability lets you select ETCO₂ numeric value, ETCO₂ waveform, inspired CO₂, respiratory rate, heart rate, as well as SPO₂ numeric waveform displays. Patented Serial Autocorrelation (SAC) pulse oximetry technology provides reliable SPO₂ measurements.

9004-050	Capnocheck® Sleep Capnograph
9004-051	Capnocheck® Sleep Capnograph/Oximeter

SMITHS MEDICAL PM 3180 PULSE OXIMETER

Provides an exceptional value for everyday oximetry needs. This compact, stand-alone monitor delivers fast, reliable SPO₂, pulse rate and pulse strength measurements, complete with a plethysmographic waveform and up to 30 hours of on-screen trending. Plus, the bright liquid crystal display, easy-to-use menu and audible and visible alarms enhance clinical efficiency and quality of care for patients ranging from neonate to adult.

3180	3180 Pulse Oximeter
------	---------------------

SMITHS MEDICAL PM 3301 HAND-HELD PULSE OXIMETER

Portable pulse oximetry monitoring system includes: 3301 Monitor; 3044 Oximetry Finger Sensor; 1818 Operation/Service Manual; (3) Alkaline "C" Cell Batteries.

3301	Hand-Held Pulse Oximeter
------	--------------------------

SMITHS MEDICAL PM 3303 HAND-HELD PULSE OXIMETER WITH ALARMS

Portable continuous or spot check pulse oximetry monitoring system with alarms and internal rechargeable battery includes: 3303 Monitor; 3311 Oximetry Cable, 5 ft; 3044 Oximetry Finger Sensor; 1850 Clinician's Operation Manual; 1854 Home-Use instruction Book; 8210 AC Charger, 105-125V 60Hz; 3353 Protective Rubber Boot with Carrying Strap and Tilt Stand.

3303	Hand-Held Pulse Oximeter w/alarms
------	-----------------------------------

SMITHS MEDICAL PM FINGERPRINT® HAND-HELD PULSE OXIMETER

Portable pulse oximetry monitoring system with built-in printer includes: 3401 Monitor (with 3 rolls of paper); 1884 Operation Manual; 3418 Protective Rubber Boot; 3044 Oximetry Finger Sensor; (4) Alkaline "AA" Cell Batteries.

3401-000	FingerPrint® Hand-Held Pulse Oximeter
3403-000	FingerPrint® Sleep Hand-Held Pulse Oximeter/Summary Printer

SMITHS MEDICAL PM DIGIT® FINGER OXIMETER

Combines monitor and sensor into one unit that provides fast, reliable SpO₂, pulse rate, and pulse strength measurements on patients from pediatric to adult. Ideal for use within emergency settings, in hospital or clinical environments, or for home use. Portable, lightweight pocket-size monitor. One-button keypad. Large LED display. Pulse-strength display bar indicates relative perfusion at the measurement site. Auto power shutdown after 8 seconds. Low battery indicator flashes when 30 minutes of battery time remains.

3420G	Finger Oximeter, Gray
3420Y	Finger Oximeter, Yellow

BURDICK OXY 100 PULSE OXIMETER

Fast, accurate SpO₂ levels whenever and wherever needed. Displays SpO₂ level, pulse rate and pulse strength on an easy to read LED screen. Uses 3 "C" cell batteries and automatically switches off when not in use. Compact, portable and durable. Up to 99 individual tests can be stored for printout using the optional printer.

92521-1A	Burdick Oxy 100 w/finger sensor

1RC775	Digital Pulse Oximeter

SMITHS MEDICAL PM AUTOCORR™ DIGITAL PULSE OXIMETER

Uses refined noise-reducing hardware and a unique patented software algorithm. Instead of relying on a voltage threshold to determine a pulse, it analyzes a digitized signal at a rate of 120 times per second, and compares it to previous pulse data. These pulses are constantly stored and updated, and used as dynamic templates to determine the validity or invalidity for newly-encountered pulsatile signals. Patented Serial Autocorrelation (SAC) technology provides reliable monitoring.

3304	Autocorr® Pulse Oximeter
3304LS	Autocorr® Pulse Oximeter w/loud alarms
3404-000	Autocorr® Plus SpO ₂ Pulse Oximeter
3404-001	Autocorr® Plus SpO ₂ Pulse Oximeter/ECG/Respiration

SMITHS MEDICAL PM MINICORR DIGITAL HAND-HELD PULSE OXIMETER

Designed to provide fast, reliable measurements on challenging patients. The device rejects spontaneous motion and other artifacts. Informs the operator of excess artifacts and improper sensor positioning and processes low perfusion signals. Designed for spot-checking or bedside monitoring. This portable unit is ideal for use in home care and clinical environments, as well as during sleep screening. Easy to use, 5-key operation. Infrared link to printer. Battery or charger. Boot is available. System includes 3402 Monitor; 3311 Oximetry Cable, 5 ft.; 3044 Oximetry Finger Sensor; 1896 Operation Manual.

BURDICK ATRIA™ 3000 RESTING ECG SYSTEM

Simple to use, compact and reliable. The lightweight and compact device operates either manually or automatically, printing 3-, 4-, 6- or 12-channel ECG tracings. The combination of a standard QWERTY keyboard and easy-to-navigate menu makes it easy to use. Features advanced functionality, including a stable baseline filter for greater accuracy, pacemaker algorithm, user-definable QTc calculations and Burdick's exclusive AccuPrint™ functionality, which restricts ECG printing if lead wires are not functioning properly. Variety of upgrade paths.

92300-1AL09	Non-Interpretive Eclipse 850 w/storage for 40 ECG

BURDICK ELITE II INTERPRETIVE ECG RECORDER

Simultaneously acquires 10 seconds of ECG data for all 12 leads. Prints interpretive reports in 4-channel format. Menu displays guide user through all functions. Stores up to 30 ECGs in memory. 11" x 13" x 3 1/4". 120/240 VAC, 50/60 Hz. Includes 10 lead accessory group and 12.5-V nickel cadmium battery. Compact and portable. Optional internal fax and communication modem.

WELCH ALLYN AED-10 AUTOMATED EXTERNAL DEFIBRILLATOR

Comes with an illuminated defib pad placement illustration on the device front panel, backlit display to provide the user with test prompts - battery status - number of shocks and energy settings, concise voice prompts and CPR timer. Includes the following standard accessory package: (1) non-rechargeable lithium battery (90+ shocks at 360 joules or 5 hours of continuous use), user's manual, quick reference card, defibrillation pads and five-year limited warranty program.

970300E	AED-10 Device & Standard Accessories Only
970302E	AED-10 w/carrying case & standard accessories
970308E	AED-10 w/lead out pads

WELCH ALLYN AED-20 AUTOMATED EXTERNAL DEFIBRILLATOR

Includes a diagnostic quality backlit display which provides the user with text prompts, battery status, heart rate, event timer, number of shocks, volume control, display brightness control and energy settings. Also included are concise voice prompts and a CPR timer. Can be upgraded in the future for expanded functions. Comes complete with the standard accessory package: (1) battery (either a non-rechargeable long life lithium for infrequent use or rechargeable nickel metal hydride for frequent use/monitoring with charging station), operator's manual, quick reference card, defibrillation pads and five-year limited warranty program.

ZOLL MEDICAL AED PLUS DEFIBRILLATOR

Combines superior biphasic defibrillation with fast and simplified electrode placement. The AED Plus uses a brilliant new graphical/voice user interface to help the rescuer every step of the way. The electrode pad helps the rescuer perform CPR. A sensor on the CPR-D pads tracks the rescuer's compression depth and rate as soon as CPR begins. The electrode comes complete with rescue essentials and tamper-evident seals and it lasts four years. Features include audio and visual coaching and Rectilinear Biphasic™ Waveform. Requires only one electrode pad. Runs on inexpensive, consumer lithium batteries.

2012511-011 AED Plus Defibrillator

BURDICK FIRSTSAVE AED DEFIBRILLATOR

A consumer-grade AED. It includes many of the innovations found on the CardioVive AED at a value price. Audible alarms indicate system failure. Patented RHYTHMx® analysis software. Patented STAR® biphasic defibrillation energy waveform. Patented technology performs automated daily, weekly, and monthly self-tests on the battery, electrode presence and internal electronics. Pediatric capability. Simple, easy-to-use, one-button operation. Instructive voice prompt guides.

92531-201 FirstSave AED Defibrillator

BURDICK FIRSTSAVE AED DEFIBRILLATOR ACCESSORIES

010-1649-00	Replacement Battery
010-1651-00	Soft Carrying Case

BURDICK BI-PHASIC MEDIC 6 PORTABLE DEFIBRILLATOR

Compact, streamlined design that provides easy to use, comprehensive defibrillation therapies in a compact 13 1/2 lb package. A radiant 6.4", non-glare screen makes functions easy to use in a variety of light settings. The easy to follow function keys, make system feature selections quick and easy to navigate. Includes a powerful rechargeable battery, which delivers 40+ consecutive discharges at 360j or 2 hours of continuous monitoring operation. "Sync" and a broad range of "joule" (energy) selections are available for emergency resuscitation, internal electrode procedures or other cardiac therapeutic modalities. Offers ECG capabilities via 3-lead (included) patient cable. Comprehensive "pre/post" treatment summary documentation which is provided on 50mm paper and stored into internal memory.

92450-1APV	Medic 6 Defibrillator w/ext pacing & advisory
92450-1AV	Medic 6 Defibrillator w/advisory

BURDICK CARDIOVIVE AED DEFIBRILLATOR

Automatic daily self-test ensures safe, reliable operation. Pre-connected, non-polarized, disposable pads eliminates confusion by saving critical time. Easy to use: open cover, open electrode package, place electrodes on bare chest & push button as directed. Patented biphasic waveform measures impedance and adjusts to deliver appropriate defibrillation level. Advanced technology differentiates between shockable life-threatening cardiac rhythms and non-shockable arrhythmia events. Professional, standard and consumer-grade models are available.

92532-201	CardioVive Defibrillator, Standard grade
92531-201	CardioVive Defibrillator, Consumer grade

BURDICK DC 200 DEFIBRILLATOR

Dependable, fast action emergency defibrillation. Quick to respond, it operates on AC voltage and can charge to a maximum 360 joules in 10 seconds. It is specifically designed for exercise stress testing or patient-monitored emergency situations. Charge button on apex paddle. Weighs less than 17 lbs. Adult/pediatric paddles. Includes: 5 oz tube of Cor-Gel, power cord and operator's manual.

161075 DC-200 Defibrillator

3M™ RED DOT™ CLEAR PLASTIC MONITORING ELECTRODES

A tear-drop style monitoring electrode with clear plastic backing that is ideal for situations when immediate skin assessment is required without the need to remove the electrode. The gel's low chloride content minimizes skin irritation.

2235	5.1cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2235-3	5.1cm Dia. Monitoring Electrodes w/o abrader, 3/bg, 20 bg/bx, 10 bx/cs
2235-5	5.1cm Dia. Monitoring Electrodes w/o abrader, 5/bg, 20 bg/bx, 10 bx/cs
9642	5.1cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs

3M™ RED DOT™ DIAPHORETIC FOAM MONITORING ELECTRODES

A rectangular-shaped electrode that offers a high-tack adhesive and foam backing designed for diaphoretic clinical situations. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation.

2230	5.1cm x 5.5cm Monitoring Electrodes w/o abrader, 50/bg, 20bg/cs
2270	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 25/bg, 40bg/cs
2270-3	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 3/bg, 20 bg/bx, 10 bx/cs
2270-5	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 5/bg, 20 bg/bx, 10 bx/cs

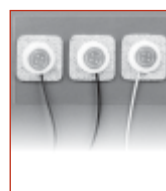

3M™ RED DOT™ DIAPHORETIC SOFT CLOTH MONITORING ELECTRODES

A rectangular-shaped electrode that offers a high-tack adhesive and soft cloth backing designed for diaphoretic clinical situations. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation.

2231	5.1cm x 5.5cm Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2271	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 25/bg, 40 bg/cs

3M™ RED DOT™ MONITORING ELECTRODES WITH FOAM TAPE & STICKY GEL

Multi-purpose monitoring electrodes with foam backing and sticky gel are ideally suited for the OR, ER and diagnostic stress testing applications. Conveniently packaged in individual strips of ten electrodes for easy use and less waste. Remains fresh for 30 days out of the bag.

2560	Monitoring Electrode w/o abrader, 10/strip, 5 strips/bg, 20 bg/cs
2570	Monitoring Electrode w/abrader, Radiolucent Stud, 50/bg, 20 bg/cs
2570-3	4cm x 3.5cm Monitoring Electrodes w/abrader, Radiolucent Stud, 3/bg, 200 bg/cs
2570-5	4cm x 3.5cm Monitoring Electrodes w/abrader, Radiolucent Stud, 5/bg, 200 bg/cs

3M™ RED DOT™ MONITORING ELECTRODES WITH MICROPORE™ TAPE BACKING

A round-style monitoring electrode with 3M™ Micropore™ Surgical Tape backing. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation. Radiolucent to minimize the need to replace or remove electrodes in most radiological imaging applications.

2239	6cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2249	6cm Dia. Monitoring Electrodes w/abrader, 25/bg, 40 bg/cs
2249-3	6cm Dia. Monitoring Electrodes w/abrader, 3/bg, 20 bg/bx, 10 bx/cs
2248	Pediatric, 4.4cm Dia., Micropore Paper Tape Electrode, 25/bg, 40 bg/cs
2248-3	Pediatric, 4.4cm Dia., Micropore Paper Tape Electrode, 3/bg, 20 bg/bx, 10 bx/cs

3M™ RED DOT™ RESTING MONITORING ELECTRODES

Resting electrodes for 12-lead EKG applications.

2330	2.2cm x 2.2cm Monitoring Electrodes, Tab Style, 10/strip, 10 strips/bg, 10 bg/bx, 4 bx/cs
2352	1 3/4" x 7/8" Monitoring Electrodes, Snap Style, 10/bg, 100 bg/cs
2360	Monitoring Electrode w/conductive adhesive, Tab Style, 10/card, 10 cards/bg, 40 bg/cs
9650	2.2cm x 2.2cm Monitoring Electrodes, Tab Style, 100/bg, 10 bg/bx, 4 bx/cs

3M™ RED DOT™ SOFT CLOTH MONITORING ELECTRODES

A round-style monitoring electrode with soft cloth backing for general ECG monitoring. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation.

2238	6cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2238-3	6cm Dia. Monitoring Electrodes w/o abrader, 3/bg, 20 bg/bx, 10 bx/cs
2238-5	6cm Dia. Monitoring Electrodes w/o abrader, 5/bg, 20 bg/bx, 10 bx/cs
2255	6cm Dia. Monitoring Electrodes w/abrader, 25/bg, 40 bg/cs
2255-3	6cm Dia. Monitoring Electrodes w/abrader, 3/bg, 20 bg/bx, 10 bx/cs
9641	6cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs

3M™ RED DOT™ TRACE PREP

A gentle abrasive material designed to remove the non-conductive skin layer to achieve a better trace quality.

2236	3/4" x 196" Trace Prep w/dispenser, 36/cs
------	---

3M™ RED DOT™ WET GEL FOAM MONITORING ELECTRODES

Tear-drop style monitoring electrodes with wet gel. Low chloride content minimizes skin irritation.

2246	7.2cm Dia. Monitoring Electrodes w/abrader & Micropore Tape, 25/bg, 40 bg/cs
2256	5.1cm Dia. Monitoring Electrodes w/abrader, 25/bg, 40 bg/cs

PARKER LABS REDUX® ELECTROLYTE CREME

For routine ECG. Cosmetic quality, pleasing to patients. Non-irritating. Highly conductive electrode cream.

66-04 Electrolyte Creme, 114g (4 oz) Tube, 10/bx, 5 bx/cs

PARKER LABS REDUX® ELECTROLYTE GEL

Non-abrasive, water-based gel for routine ECG and defibrillation. Highly conductive. Water soluble, non-staining, non-gritty.

65-04 Electrolyte Gel, 114g (4 oz) Tube, 10/bx, 5 bx/cs

PARKER LABS REDUX® ELECTROLYTE PASTE

Water-based, abrasive gel for short term monitoring, ECG and defibrillation. Highly conductive and water soluble.

67-05 Electrolyte Paste, 142g (5 oz) Tube, 10/bx, 5 bx/cs

CONMED DYNA/TRACE® STRESS FOAM ELECTRODES

Closed-cell foam allows skin to breathe. Unitized sensor, silver/silver chloride. Provides high tack, reliable adhesion.

1550-001 Stress Foam Electrodes, 1/pch, 30 pch/bx, 20 bx/cs
 1550-005 Stress Foam Electrodes, 5/pch, 10 pch/bx, 12 bx/cs
 1555-005 Mini-Stress Electrodes, 5/pch, 10 pch/bx, 12 bx/cs

GE MEDICAL DISPOSABLE RESTING ECG ELECTRODES

Latex-free. Rapid, stable baseline. Reduces potential for cross-contamination. Secure adhesion. Silver/silver chloride construction.

9623-003P Silver Mactrode® Plus 10/card, 10 card/pk, 10 pk/cs

GE MEDICAL QWIK CONNECT® PLUS FETAL SPIRAL ELECTRODES

Locking mechanism secures the electrode during attachment. Electrode wires stabilized inside the guide tube until "unlocked" by the clinician. Latex-free. Sterile.

7000AAO Fetal Spiral Electrode, 50/cs

Accessories

2464AAO Spiral Leg Plate Attachment Pads, 1" x 3", 50/cs

PARKER LABS SIGNAPAD® ELECTRODE PADS

The ultimate in pre-moistened ECG electrode pads for single or multi-channel use. Dispensed individually or several-at-a-time pop-up container. Highly conductive, non-irritating. Eliminates residue build-up, electrodes stay clean. Bacteriostatic.

16-40 44 x 50 mm Electrode Pads, 400 pads/dispenser, 2 dispensers/bx, 10 bx/cs

LEONHARD LANG SKINTACT®

DIAGNOSTIC RESTING ECG ELECTRODES

Designed for resting 12 lead diagnostic ECG's. Easitabs are disposable eliminating the spread of cross infection associated with older style suction cups. The C-LINE technology ensures that every electrode will be fresh providing exceptional consistency in quality of recordings at very affordable prices.

FSWA00 Diagnostic ECG Electrodes, Foam, Ultra-Tack Adhesive, Wet Gel, 500/bx
 RT-24 Diagnostic ECG Electrodes, All-Purpose, 1000/bx
 RT-41 Diagnostic ECG Electrodes, Ultra-Tack Adhesive, Oversize, 1000/bx, 4 bx/cs

Accessories

58100 EasiClip (Universal Alligator Clip), 10/bx
 58727 AEasiPrep (FingerTip Abrasion Strips), 500/bx

LEONHARD LANG SKINTACT®

MONITORING ECG ELECTRODES

Offers total versatility at affordable prices. The C-LINE technology ensures that every electrode will be fresh providing exceptional consistency in quality of recordings at very affordable prices.

CT-50 50mm Monitoring ECG Electrode, Solid Gel, Clear Tape, 1200/bx
 CT-601 50mm Monitoring ECG Electrode, Aqua-Tac Gel, Clear Tape, 1500/bx
 F-301 30mm Monitoring ECG Electrode, Pediatric, Solid Gel, Microporous Tape, 1500/bx
 FS-521 35 x 50mm Monitoring ECG Electrode, Solid Gel, Foam, Oval, 1500/bx
 T-60 60mm Monitoring ECG Electrode, Aqua-Wet Gel, Microporous Tape, 1200/bx
 W-60 60mm Monitoring ECG Electrode, Aqua-Wet Gel, Cloth, 1200/bx
 W-601 50mm Monitoring ECG Electrode, Aqua-Tac Gel, Cloth, 1500/bx

LEONHARD LANG SKINTACT®

STRESS TEST & HOLTER ECG ELECTRODES

Designed to provide the highest quality tracings for stress test procedures. The offset design and Aqua-Set gel significantly reduce any motion artifacts ensuring a very clear stable trace even under the most strenuous conditions. The C-LINE technology ensures that every electrode will be fresh providing exceptional consistency in quality of recordings at very affordable prices.

FS-40 40mm Stress Test ECG Electrode, Aqua-Wet Gel, Foam Backing, Diaphoretic, Hypoallergenic, 1200/bx
 FS-50 50mm Stress Test ECG Electrode, Aqua-Wet Gel, Snap Connector, Foam Backing, Enhanced Adhesive, 1200/bx
 FS-50C 50mm Stress Test ECG Electrode, Radio Translucent, Foam w/carbon stud, Diaphoretic, Hypoallergenic, 1200/bx
 FS-RC-3/5 35 x 45mm Stress Test ECG Electrode, Aqua-Wet Gel, Foam Backing, Diaphoretic, Hypoallergenic, 1200/bx
 FS-RC-4 35 x 45mm Stress Test ECG Electrode, Aqua-Wet Gel, Foam Backing, Diaphoretic, Hypoallergenic, 600/bx
 FS-TBI 50mm Stress Test ECG Electrode, Solid Gel, Lift Tab, Foam Backing, Diaphoretic, Hypoallergenic, 1500/bx
 FSVB01 36 x 53 mm Stress Test ECG Electrode, Aqua-Wet Gel, Offset Snap Connector, Foam Backing, Enhanced Adhesive, 1200/bx
 FSVB011 35 x 53 mm Stress Test ECG Electrode, Solid Gel, Offset Snap Connector, Foam Backing, Enhanced Adhesive, 1500/bx

BURDICK HEARTLINE® MONITORING ELECTRODES

Designed to deliver high quality, easy-to-read tracings and long-lasting adhesion for consistent, dependable performance. Choose from five versatile electrodes, each offering a variety of performance possibilities.

007778	HeartLine Comfort Tape Wet Gel Electrodes, 48mm, 30/pouch, 600/cs
007781	HeartLine DuraFoam Wet Gel Electrodes, 48mm, 30/pouch, 600/cs
007782	HeartLine Radiolucent Universal Electrode, 30/pouch, 600/cs
007784	HeartLine SensaCloth Electrodes, 30mm, 30/pouch, 600/cs

CONMED FASTRACE® 4 RESTING ECG GEL TAB ELECTRODE

All ECG electrodes are latex free. Easy-to-position electrodes provide atraumatic removal; no creams or gels needed.

1915-100	Tab Electrode, 100/pkg, 10 pkg/cs
----------	-----------------------------------

NIKOMED DIAGNOSTIC TAB ELECTRODES

The Nikotab System with Nikomed diagnostic ECG is easy. Unique design allows for quick and easy prep. The highest quality adhesive and innovative shape prevent twisting and deliver the greatest percentage of first time recordings. Wide-body design holds Nikotab absolutely flat, securing it in place to eliminate "the twist". This product is latex free. 100/pkg, 500/bx, 5000/cs.

0315	Economy Size Electrodes,
0515	Nikotabs E Synthetic Electrodes, Foil
0715	Nikotabs II Synthetic Electrodes, Foil, Larger Size
0815	Pediatric Tab Electrodes

NIKOMED ECG ACCESSORIES

2121	Niko-Prep, 10/card, 500/cs
2121-E	Niko-Prep, Individual, 500/cs
EZ-123	Diagnostic Enhancement Kit (1 pk NIK-10 [choice of 0315, 0515, 0715], 1 pk NIKotabs, 1 card 2121)
NIK-10	Niko-Clip, Green, 10/pk
NIK-10W	Niko Clip Adapter, Fits 3-4mm, Modified, White, 10/pk

CONMED FOAM ECG ELECTRODES

All ECG electrodes are latex free. Complete line of cables and leadwires available to support the ECG electrode business.

01-0210	Silvon® Stress Foam Electrode, ClearSite® Gel, Diagnostic, Radiotranslucent, 1/pkg, 30/bx, 900/cs
01-0230	Silvon® Stress Foam Electrode, ClearSite® Gel, Diagnostic, Radiotranslucent, 3/pkg, 30/bx, 900/cs
01-0250	Silvon® Stress Foam Electrode, ClearSite® Gel, Diagnostic, Radiotranslucent, 5/pkg, 50/bx, 1500/cs
01-3510	Silvon® Foam Electrode, ClearSite® Gel, Radiotranslucent, 1/pkg, 30/bx, 900/cs
01-3530	Silvon® Foam Electrode, ClearSite® Gel, Radiotranslucent, 3/pkg, 30/bx, 900/cs
01-3533	Silvon® Foam Electrode, ClearSite® Gel, Radiotranslucent, 30/pkg, 600/cs
01-3540	Silvon® Foam Electrode, ClearSite® Gel, Radiotranslucent, 4/pkg, 40/bx, 1200/cs
01-3610	Silvon® Diaphoretic Foam Electrode, ClearSite® Gel, Radiotranslucent, 1/pkg, 30/bx, 900/cs
01-3630	Silvon® Diaphoretic Foam Electrode, ClearSite® Gel, Radiotranslucent, 3/pkg, 30/bx, 900/cs
01-3633	Silvon® Diaphoretic Foam Electrode, ClearSite® Gel, Radiotranslucent, 30/pkg, 600/cs
01-3640	Silvon® Diaphoretic Foam Electrode, ClearSite® Gel, Radiotranslucent, 4/pkg, 40/bx, 1200/cs
01-3650	Silvon® Diaphoretic Foam Electrode, ClearSite® Gel, Radiotranslucent, 5/pkg, 50/bx, 1500/cs
1510-001	Exactrace® Foam Electrode, Wet Gel, 1/pch, 30/bx, 600/cs
1510-003	Exactrace® Foam Electrode, Wet Gel, 3/pkg, 30/bx, 600/cs
1510-005	Exactrace® Foam Electrode, Wet Gel, 5/pkg, 50/bx, 600/cs
1510-030	Exactrace® Foam Electrode, Wet Gel, 30/pkg, 600/cs
1590-001	Instatrace® Foam Electrode, Wet Gel, Diaphoretic/Diagnostic, 1/pch, 30/bx, 600/cs
1590-003	Instatrace® Foam Electrode, Wet Gel, Diaphoretic/Diagnostic, 3/pkg, 30/bx, 600/cs
1590-005	Instatrace® Foam Electrode, Wet Gel, Diaphoretic/Diagnostic, 5/pkg, 50/bx, 600/cs
1590-030	Instatrace® Foam Electrode, Wet Gel, Diaphoretic/Diagnostic, 30/pkg, 600/cs
1800-001	Suretrace® Foam Electrode, Adhesive Gel, 1/pkg, 30/bx, 600/cs
1800-003	Suretrace® Foam Electrode, Adhesive Gel, 3/pkg, 30/bx, 600/cs
1800-005	Suretrace® Foam Electrode, Adhesive Gel, 5/pkg, 50/bx, 600/cs
1800-030	Suretrace® Foam Electrode, Adhesive Gel, 30/pkg, 600/cs

BURDICK CARDIOSENS™ DISPOSABLE ELECTRODE SENSORS

Three styles of disposable sensors: CardioSens™/Ultra II has aggressive adhesive. Fast signal stabilization with rapid defibrillator recovery and superior conductivity. CardioSens™/K has an exceptionally high conductive performance with natural Karaya adhesive. CardioSens™/Advantage has a narrow design, special formulation adhesive and unique, high conductivity tin backing.

- 047029 CardioSens/Ultra II, 500/bx, 10 bx/cs
- 047866 CardioSens/K, 500/bx, 10 bx/cs
- 047881 CardioSens/Advantage (replaces 047057), 500/bx, 10 bx/cs

Accessories

- 704-0102-00 Clear Choice Lead Adapter Pin to Universal Clip, 10/pk

BURDICK BASELINE HOLTER CASSETTE PREP KIT

Each kit contains: 1 Hook-Up Guide, 1 Surgical Prep Razor, 1 Skin Prep Scrub, 3 Alcohol Prep Pads, 12 Stress Loop Tape, 1 60 Minute Audio Cassette, 1 9V Battery, 1 Patient Diary.

- 043084 2 Channel Cassette Prep Kit, w/5 Holter Electrodes, 30/cs
- 043085 3 Channel Cassette Prep Kit, w/7 Holter Electrodes, 30/cs

BURDICK BASELINE HOLTER DISC PREP KIT

Each kit contains: 1 Hook-Up Guide, 1 Surgical Prep Razor, 1 Skin Prep Scrub, 3 Alcohol Prep Pads, 12 Stress Loop Tape, 1 Patient Diary, 1 Patient ID Card, 2 9V Batteries.

- 043101 2 Channel 6532 Prep Kit, w/5 Holter Electrodes, 30/cs
- 043104 3 Channel 6532 Prep Kit, w/7 Holter Electrodes, 30/cs

BURDICK BASELINE STRESS PREP KIT

Each kit contains: 10 Stress Electrodes, Foam, 1 Skin Scrub, 1 Instruction Sheet, 3 Alcohol Prep Pads, 1 Bacitracin Ointment, 1 Moist Wipe, 1 Surgical Prep Razor.

- 015-0629-00 Blue Max Stress Prep Kit, 30 kit/cs
- 097008 Baseline Stress Prep Kit, 30/cs

BURDICK TWO-CHANNEL COMPACT DIGITAL RECORDER PREP KIT

Each kit contains: 1 Surgical Prep Razor, 3 Alcohol Prep Pads, 5 Holter Electrodes, 1 Patient ID Card, 1 Hook-Up Guide, 1 Skin Prep Scrub, 12 Stress Loop Tape, 1 Patient Diary, 2 "AA" Batteries

- 043250 2-Channel Compact Digital Recorder Prep Kit, 30/cs

BURDICK PC CARD RECORDER PREP KIT

Each kit contains: 1 Surgical Prep Razor, 3 Alcohol Prep Pads, 7 Holter Electrodes, 1 Patient ID Card, 1 Hook-Up Guide, 1 Skin Prep Scrub, 12 Stress Loop Tape, 1 Patient Diary, 4 "AA" Batteries

- 043202 PC Card Recorder Prep Kit, 30/cs

BURDICK THREE-CHANNEL COMPACT DIGITAL RECORDER PREP KIT

Each kit contains: 1 Surgical Prep Razor, 3 Alcohol Prep Pads, 7 Holter Electrodes, 1 Patient ID Card, 1 Hook-Up Guide, 1 Skin Prep Scrub, 12 Stress Loop Tape, 1 Patient Diary, 2 "AA" Batteries

- 043272 3-Channel Compact Digital Recorder Prep Kit, 30/cs

BURDICK SINGLE CHANNEL ECG MOUNTS

- 007036 ECG Mounts, Elite Folder, Pressure-Sensitive, Full Information, 100/bx, 5 bx/cs
- 007037 ECG Mounts, Card, Pressure-Sensitive, EK10 or Abridged Elite, 100/bx, 5 bx/cs
- 007857 ECG Mounts, Card, Pressure-Sensitive, 12-Lead, 100/bx, 5 bx/cs
- 007909 ECG Mounts, Card, Pressure-Sensitive, 3 Sec., 12-Lead, 100/bx, 5 bx/cs
- 007911 ECG Mounts, Folder, Pressure-Sensitive, 3 Sec., 12-Lead, 100/bx, 5 bx/cs

ADC® EKG CALIPER

A precision crafted instrument of hardened steel for accurate measurement of tracing intervals. Point protector has built-in 40mm metric scale. Measures 4 3/4"

- 394 EKG Ruler
- 395 EKG Caliper

BURDICK ASSURANCE 50™ ECG RECORDING PAPER

Guaranteed to hold a trace for 50 years. Single and multi-channel formats. Special thermal paper resists effects of alcohol, sunlight, plastics and other common contaminants that degrades image quality on standard thermal papers.

- 716-0233-00 Single Channel ECG Recording Paper, Matrix, 45mm, Red Grid/Black Trace, 150 ft/rl, 100 rl/cs (Sub for 007957)
- 716-0234-00 Multi-Channel ECG Recording Paper w/blank header, Perf, Matrix, Red Grid/Black Trace, 200 sheets/pad, 10 pd/cs (Sub for 007961)
- 716-0235-00 Multi-Channel ECG Recording Paper w/blank header, Z-Fold, Perf, Matrix, Red Grid/Black Trace, 8.5" x 5.5", 300 sheets/pad, 10 pd/cs
- 716-0237-00 Assurance 50 "Fade-Free" ECG Recording Paper, Multi-Channel w/blank header, Perf, Matrix, Red Grid/Black Trace, 8.5" x 5.5", 200 sheets/pad, 10 pd/cs
- 716-0239-00 Assurance 50 "Fade-Free" ECG Recording Paper, Multi-Channel w/blank header, Z-Fold, Reinforced Perf, Matrix, Red Grid/Black Trace, 8.5" x 5.5", 300 sheets/pad, 10 pd/cs

BURDICK STANDARD THERMAL PAPER

- 007868 Chemical/Thermal Heavyweight Paper, Perf, Multi-Channel w/blank header, Matrix, Red Grid/Black Trace, 200 shts/pd, 10 pd/cs
- 007940 Single Channel Thermal Paper, Grid, 45mm, Red Grid/Black Trace, 100/roll, 100 rl/cs
- 007941 Single Channel Thermal Paper, Grid, 50mm, Orange Grid/Black Trace, 150 ft/rl, 100 rl/cs (Sub for 007932 & 007972)
- 007943 Multi-Channel Thermal Paper w/header, Perf, Orange Grid/Black Trace, 150 ft/rl, 20 rl/cs (To Be DISCONTINUED)
- 007944 Multi-Channel Thermal Paper w/header, Perf, Red Grid/Black Trace, 150 ft/rl, 20 rl/cs (Sub for 007937 & 007973)
- 007958 Single Channel Thermal Paper, Dot Matrix, 45mm, Red Grid/Black Trace, 150 ft/rl, 80 rl/cs (Sub for 007957)
- 007966 Chemical/Thermal Paper, Perf, Multi-Channel Header, Matrix, Red Grid/Black Trace, 200 shts/pd, 10 pd/cs (Sub for 007960 & 007987)
- 007971 Chemical/Thermal Paper, Perf, Multi-Channel, No Header, 4" x 5.5", Red Grid/Black Trace, 200 shts/pd, 40 pd/cs (Sub for 007970)
- 007979 Chemical/Thermal Paper, Perf, Multi-Channel, No Header, 8.5" x 5.5", Red Grid/Black Trace, 300 shts/pd, 10 pd/cs
- 007983 Chemical/Thermal Paper, Perf, Multi-Channel w/blank header, Matrix, Red Grid/Black Trace, 200 shts/pd, 10 pd/cs
- 007988 Chemical/Thermal Paper, Reinforced Perf, Multi-Channel, No Header, 8.5" x 5.5", Red Grid/Black Trace, 300 shts/pd, 10 pd/cs

ABCO® LIQUASONIC® ULTRASOUND GEL

Thick, no-slip formula eliminates air between the transducer and skin offering exceptional coupling efficiency for more effective treatment and diagnosis. Its non-irritating hypoallergenic formula will not sting or chafe patient tissue. Salt-free and formaldehyde-free. Will not damage ultrasound equipment.

- 001615 Gel, 5 Liter w/dispensing cap, Transmission Gel, 4/cs
- 011608 Gel, 8 oz, Transmission Gel, 12/cs

CHESTER ULTRASOUND GEL WARMER

- 1205-2 Ultrasound Gel Warmer (2-bottle) w/temperature adjustment
- 1205-3 Ultrasound Gel Warmer (3-bottle) w/temperature adjustment

GRAHAM FIELD ULTRASOUND GEL WARMER

White, metal gel warmer holds one 8 oz bottle. The new and improved sleeve holds the bottle deeper than the old style allowing for more even heating of the gel.

- GF108 Ultrasound Gel Warmer

001205

001267

001277

CHESTER LIQUASONIC® ULTRASOUND GEL

Thick, no-slip formula eliminates air between the transducer and skin offering exceptional coupling efficiency for more effective treatment and diagnosis. Its non-irritating hypoallergenic formula will not sting or chafe patient tissue. Salt-free and formaldehyde-free. Will not damage ultrasound equipment.

- 001205 Ultrasound Gel, 8 oz, 12/cs
- 001222 Ultrasound Gel, 5 Liter w/collapsible container, 4/cs
- 001267 Ultrasonic Lotion, 128 oz, 4/cs
- 001268 Ultrasonic Lotion, 8 oz w/dispensing cap, 12/cs
- 001277 Scan Gel, 128 oz, 4/cs
- 001278 Scan Gel, 8 oz w/dispensing cap, 12/cs
- 001297 Multi-Purpose, Medium Viscosity Ultrasound Gel, 128 oz, 4/cs
- 001298 Multi-Purpose, Medium Viscosity Ultrasound Gel, 8 oz, 12/cs
- 001305 Clear Ultrasound Gel, 8 oz, 12/cs
- 001333 Clear Ultrasound Gel, 128 oz, 4/cs

TRIAD® ULTRASOUND GEL

Conducts a broad range of frequencies, does not allow air to intrude between the transducer and skin and requires only minimal pressure to make contact. It is water soluble, non-irritating and hypoallergenic. It will not stain skin or clothing.

- 10-9208 8 oz Ultrasound Gel, 12/cs
- 10-9228 Gallon Ultrasound Gel w/dispenser, 4/cs

DURO-MED DURO-SONIC™ ULTRASOUND TRANSMISSION GEL

Hypoallergenic. Water soluble. Spreads easily and evenly. Odorless and non-staining.

- 539-1970-0000 Ultrasound Transmission Gel, 5 Liter w/dispenser bottle

PARKER LABS TENSIVE® CONDUCTIVE ADHESIVE GEL

Safe, non-flammable, odorless, conductive adhesive gel. Recommended for TENS, EMG, EEG and other electromedical procedures. Eliminates tape and tape irritation. Conductive immediately. Hypoallergenic, bacteriostatic, non-irritating. Water soluble.

- 22-60 Conductive Adhesive Gel, 50 gm Tube, 1 dz/bx, 12 dz/cs

PARKER LABS ULTRASOUND TRANSMISSION GEL

- 01-01 Sterile Aquasonic 100 Ultrasound Transmission Gel - 20g foil pkts
- 01-08 .25 Liter Aquasonic 100 Ultrasound Transmission Gel, 12/cs
- 01-50 5 Liter Aquasonic 100 Ultrasound Transmission Gel, 4/cs
- 03-08 Aquasonic Clear Ultrasound Gel - .25 liter
- 03-50 Aquasonic Clear Ultrasound Gel - 5 liter
- 38-01 Eclipse Probe Cover - latex free, pre-gelled with Aquasonic 100

PARKER LABS SIGNAGEL® ELECTRODE GEL

Highly conductive, multi-purpose electrolyte is an ideal saline electrode gel. Recommended for all electromedical procedures. Bacteriostatic, non-irritating, non-gritty. Water-soluble and non-staining.

- 15-25 Electrode Gel, 250g Tube, 6 dz/cs
- 15-60 Electrode Gel, 60g Tube, 12 dz/cs

PARKER LABS SPECTRA® 360 ELECTRODE GEL

Salt-free, chloride-free electrically conductive gel recommended for all electromedical procedures. Especially suitable for long-term applications and pediatric use. Non-gritty, stay-wet formula reduces skin resistance.

- 12-02 Electrode Gel, 60g Tube, 12 dz/cs
- 12-08 Electrode Gel, 250g Tube, 12/bx, 6 bx/cs

BURDICK SIGNAGEL® ELECTRODE GEL

- 690-0150-00 Signa-Gel electrode gel, 60g Bottle, 144 bottles/cs
- 690-0151-00 Signa-Gel electrode gel, 250g Bottle, 72 bottles/cs

PARKER LABS SIGNASPRAY® ELECTRODE SOLUTION AND SKIN PREP

Highly conductive, multi-purpose spray electrolyte and non-gritty skin prep which provides superior conduction between skin and electrodes. For ECG and muscle stimulation. Assures clean, artifact-free ECG tracings. Bacteriostatic, hypoallergenic, non-staining. No residue build-up.

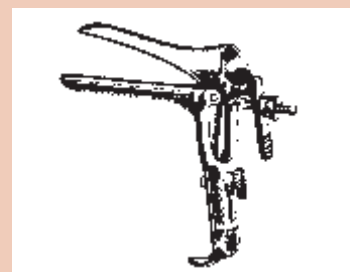

- 18-04 Signaspray Pac® Electrode Solution w/4 gallon containers, 2 Spray Dispenser Bottles, 1 Pump, 1/cs
- 18-25 Electrode Solution, 250-ml Spray Dispenser Bottle, 12/bx, 6 dz/cs
- 18-28 Electrode Solution, Gallon w/spray dispenser bottle, 4/cs

WESTERN SURGILAST® STRESS VEST

Pre-cut stretchable net material holds electrodes in place during electrocardiograms and stress tests. Does not restrict patient's circulation or breathing. No tapes or adhesives required.

- GL750 Small/Medium Stress Vest, 20/bx
- GL752 Large/X-Large Stress Vest, 20/bx

92821 Same as No. 92820 in Soft Case

WELCH ALLYN 719 SERIES POWER HANDLE DIAGNOSTIC SETS

Our coaxial ophthalmoscope uses a halogen HPX™ lamp that provides 30% more light output for true tissue color and consistent, long-lasting illumination. It has 28 lenses (except the Prestige Set has 68 lenses) from -25 to +40 diopters for better resolution. The coaxial optical system produces a shadow-free spot and easier entry into undilated pupils. The crossed-linear polarizing filter reduces corneal reflection. The red-free filter may be used with any aperture. It has 18 possible aperture combinations for greater versatility. The otoscope uses a halogen HPX™ lamp and fiber optics for cool light with no reflections, no obstruction. It has a wide-angle viewing lens for instrumentation under magnification. The sturdy Cycology® resin handle is half the weight of current 3.5v handles and provides twice the on-time.

WELCH ALLYN 2.5V/3.5V HALOGEN OPHTHALMOSCOPE

Features high-intensity halogen illumination and mirror optical system. 28 lenses with illuminated lens dial. Apertures (microspot, small spot, large spot, fixation, red-free, and slit) for all diagnostic applications.

11470	2.5V Halogen Ophthalmoscope, Head Only
11710	3.5V Halogen Ophthalmoscope, Head Only

WELCH ALLYN HALOGEN COAXIAL OPHTHALMOSCOPE

23 lenses. Illuminated lens dial. Sealed optics provide better dust protection. Coaxial optical system eliminates shadows and facilitates exam through virtually any size pupil or vitreous disorder. Special contoured mirror and matching lamp filament allow axis of illumination to be practically coincidental with axis of physician's vision. Apertures include microspot, small spot, large spot, fixation, cobalt blue, and slit.

11720 3.5V Halogen Coaxial Ophthalmoscope, Head Only

ADC® POCKET OTOSCOPE/OPHTHALMOSCOPE SET

Ophthalmoscope features five aperture selections for general and specialist use; 17 lenses from -20 to +20 diopters; illuminated dial and built-in lens dust cover. Otolaryngoscope features fiberoptics for cool, obstruction free light transmission; wide angle, removable lens and disposable polypropylene ear specula. Both units feature a 2.5V halogen light source, interchangeable metal handles and a lifetime quality performance guarantee on optics. Includes fitted case. Latex free system.

23300

WELCH ALLYN AUDIOSCOPE® 3 SCREENING AUDIOMETER/OTOSCOPE

Versatile instrument for screening hearing loss combines 20, 25 and 40 db HL levels in one unit. Tones are presented in random intervals so patients can not second guess their hearing screen. This varied timing means improved results. Built-in 1000 Hz pretone, presented at 20 db HL above the screening level, allows patients to practice listening before they're actually screened. After pretone, patient is given the easiest tones for enhanced reliability of responses. 110-130V.

- 92680 Complete Set (AudioScope 3, set of AudioSpecs, charging transformer, charging stand, recording forms)
- 23300 AudioScope 3 w/AudioSpecs (no transformer)

WELCH ALLYN PROFESSIONAL PENLITE

Halogen light for true tissue color and consistent, long lasting illumination. Brass with black matte finish for durability.

76600 PenLite

ADC® TOGGELITE™ PENLIGHT

Constructed of chrome plated brass for rugged durability. Activated by a locking toggle switch. Two "AA" batteries included. Measures 6" long, 3/4" diameter.

353 Penlight

ADC® ADLITE™ DISPOSABLE PENLIGHT

Sealed concentric beam activated by depressing pocket clip. Available with or without pupil gauge. 5" long, 1/2" diameter.

351 Disposable Penlight, 6/pk

351P Disposable Penlight w/pupil gauge, 6/pk

AARON DELUXE MEDICAL PENLIGHT

Features a krypton bulb that is 70% brighter than ordinary bulbs. Contains two AAA alkaline batteries and a constant on/off switch. Lifetime guarantee in light body and switch. Bulb and batteries are replaceable.

A238 Black Matte Penlight w/gold accents

Accessories

222K Replacement Bulb For A238

ADC® POCKET PAL III™ ORGANIZER AND KIT

An indispensable uniform accessory that organizes while it protects. The organizer features washable 420D nylon pocket sewn with nylon thread. Five slide-in pockets and one covered pocket. Key ring. Two color matched Velcro® snap closures secure instruments and double as ID tags. Sewn loop permits belt wearing. Measures 6 1/4" x 4 3/4" x 1/4". Weighs 1 oz. The kit includes: Pocket Pal™ Organizer (216), 5 1/2" Lister Bandage scissors, 5" straight Mosquito forceps, 3 color pen and ADLITE™ disposable penlight. All components are latex free.

BURDICK SPIROX CARD SPIROMETER/PULSE OXIMETER

Combines a spirometer and a pulse oximeter on a single PCMCIA card providing two diagnostic tests in one portable package. Performs all measurements performed on conventional devices. Features patented, disposable and biodegradable patient filters. Devices interface to Office Medic software for real-time data access, reporting and archival. Compatible with your favorite off-the-shelf PC, laptop, tablet PC or Compaq iPAQ.

92525-01 SpirOx Card PC Card Spirometer/Pulse Oximeter, English

WELCH ALLYN SP-2 SPIROMETER

The full featured spirometer that fits into your hand and your budget. Weighs just a little over a pound. Takes both expiratory and inspiratory measurements, and can do flow volume loops. Cordless — just point and click the SP-2 at an infrared printer adapter, or an infrared printer to download and print data. Utilizes disposable, flow sensor mouthpieces. Provides three different reports — choose from flow/volume graphs, volume/time graphs, and/or measurement value tables. Stores up to 300 maneuvers in its flash memory. When batteries are changed, the data is not lost and can still be downloaded for printing.

Accessories

26006-0001 Disposable Flow Tubes For SP-2 Only, 100/bx

WELCH ALLYN PNEUMOCHECK SPIROMETER ACCESSORIES

Easy to use. PnuemoCheck will automatically calculate and display the best effort and five most needed values on its LCD screen. For your records, the printer/charger will print the data in either flow/volume or volume/time formats in as little as 20 seconds. The printer/charger recharges the PnuemoCheck.

56100	Thermal Paper, 5 r/bx, 12 bx/cs

61030	3-L Calibration Syringe & Hose
72500	7.2-V Rechargeable Batteries (2) - Replacement
72700	7.2V Rechargeable Battery

NDD EASYONE™ DIAGNOSTIC SPIROMETRY SYSTEM

Ultrasonic flow measurement assures fast, accurate, reliable results. No moving parts. No codes to enter. Single patient use spirette has hygienic mouthpiece that reduces risk of cross infection. Alpha numeric keypad/graphic display makes navigation and data entry fast and easy. Graphic curve display allows to review curves without waiting for a printout. Meets ATS 1994 diagnostic standards. Meets NIOSH/OSHA and SSD guidelines. Customizable configuration. Automated coaching messages and QC. Automated interpretation. Two AA batteries. Stores up to 700 test sessions. Optional 8.5 x 11 or A4 printout. PC data transfer. Toll free technical support. Three-year exchange warranty. If your spirometer fails, we will replace if overnight without charge. Extended warranties are activated upon receipt of end-user information and must be received within six months of invoice date.

1000-1	EasyOne™ Diagnostic Spirometry System II Includes: #2001-2 Diagnostic Spirometry System I, #3104-4 Four Year Extended Warranty, #2040-1 EasyWare Software, #2050-1 Case of 50 Spirettes™

IMEX POCKET-DOP 3™ DOPPLER SYSTEM

A valuable aid in detecting pregnancy and monitoring the fetal heartbeat. Features interchangeable probes: the 3 MHz probe is for early fetal heartbeat detection and the 2 MHz probe is for use in later pregnancy or with larger patients. Also features auto-correlation which is a pattern recognition technique that quickly acquires and accurately tracks the complex signal of the fetal heart rate. Comes with a convenient recharging stand to be placed on a counter or mounted to a wall. Covered by a 5-year parts and 1-year labor warranty.

J200	Doppler w/2 MHz OB Probe
J230	Doppler w/2 & 3 MHz OB Probes
J300	Doppler w/3 MHz OB Probe

ABCO® POCKET-DOP II™ DOPPLER SYSTEM

Hand-held ultrasonic Doppler features interchangeable probes and built-in speaker for vascular and obstetrical applications. Supplied with a soft sided case with 1 or 2 probes, recharger, walkman style headset, gel, batteries and CD ROM of pulse sounds. Includes a five-year parts and one-year labor warranty.

IMEX CAREDOP™ DOPPLER SYSTEM

Dual speakers ideal for high volume patient areas. Portable yet large enough to minimize the risk of "walkaways". Special probe makes obtaining a signal easy. Probes can be gas sterilized or sheathed. May be used in the O.R. Includes a 10 year parts and labor warranty for manufacturer defects.

K200	Imex CareDop™ w/2 MHz Obstetrical Probe
K380	Imex CareDop™ w/3 & 8 MHz Probes
K580	Imex CareDop™ w/5 & 8 MHz Vascular Probes
K800	Imex CareDop™ w/8 MHz Vascular Probe

IMEX STETHODOP™ DOPPLER SYSTEM

Mounts to most bell-style stethoscopes using a custom non-chill ring. Easy one-hand operation. Momentary on/off actuator operates only when depressed to save battery life. Sliding volume control to adjust to individual user comfort level. Super sensitive Doppler. Custom "pager style" carrying case. Includes one-year labor and parts warranty.

SD50	Imex StethoDop w/5 MHz Probe
SD52	Imex StethoDop w/Cardiology Style Stethoscope
SS10	Imex Cardiology Stethoscope
SS20	Imex Classic Stethoscope

MVAPM

MVAPT

IMEX VERSALAB ANTEPARTUM MONITOR™

Easy-to-use antepartum monitor designed for the office or the antepartum testing area of the hospital. Pulsed, directional 1.5 MHz ultrasound locks into the fetal heart rate; sensitive toco transducer tracks maternal contractions. Trace prints out on Z-fold paper for easy scanning and storage. Supplied with chart paper, belt, plastic membrane for toco, gel and patient event marker. Includes a one-year parts and labor warranty.

MVAPM	Single APM Unit w/toco & 2 MHz Doppler Transducer
MVAPT	Twin APM Unit w/toco 1.8 & 2 MHz Doppler Transducers

Accessories

DV100	Patient Event Marker
D300	Belts, Pre-Cut 2/pk
D355	Case of 5 rolls of Paper
C633	VersaLab Battery Pack

VLS48

VLS80

IMEX VERSALAB BI-DIRECTIONAL DOPPLER SYSTEM

Continuous wave doppler transducers optimized for detecting blood flow throughout peripheral parts of the body. Optional color display feature allows quantification, documentation and qualification of blood flow using a color frequency distribution spectral analysis for accurate determination of direction and velocity of blood flow. Fast, built-in printer for quality documentation of all information obtained. A variety of industry standard calculations and indices calculated to complement the diagnostic capabilities of the VersaLab.

VLL40	Unit w/4 MHz LE Bi-Directional Probe
VLL48	Unit w/4 & 8 MHz LE Bi-Directional Probes
VLL80	Unit w/8 MHz LE Bi-Directional Probe
VLS40	Unit w/2 MHz LE Bi-Directional Probe
VLS48	Unit w/4 & 8 MHz LE Bi-Directional Probes

HUNTLEIGH BABY DOPPLEX® DOPPLER 3000 MARK 2

The advanced electronic design enables accurate data to be produced using autocorrelation signal processing techniques, and displayed and recorded on the thermal paper trace. The pulsed Doppler, 7 Crystal Array Ultrasound Transducer provides excellent fetal heart pick-up and wrap-around bumpers provide additional impact protection. The standard monitor also includes: ultrasound channel, contractions measurement (Toco), automatic fetal movement detection with adjustable sensitivity, patient event marker, clinical event marker and annotation facility, clear LED indication of FHR and UA, high quality audio FHR reproduction, signal quality indicator (dual for twins), integral thermal printer.

BD3000MK2 Baby Dopplex® 3000 Mark 2

ACCESSORIES

ACC-15	Printer Paper, Plain, No Grid, 10/bx
ACC-30	Carry Case/Shoulder Bag
ACC-31	Wall Bracket
ACC-32	Desk Top Tray
ACC-53	Trolley Cart

HUNTLEIGH TWIN BABY DOPPLEX® DOPPLER 3002

Having all of the features of the 3000 Mark 2 version, the 3002 has a unique and extremely useful feature. Ultrasound FHR traces are produced on "Double Width" paper allowing two completely separate traces to be viewed. This avoids possible confusion which can occur, if conventional twins monitors which superimpose one trace on top of another, are used. A carry case is available to transport the products from clinic to clinic.

BD3002 Baby Dopplex® 3002

HUNTLEIGH AUDIO DOPPLEX® DOPPLER (WITHOUT DISPLAY)

Dedicated fetal Doppler with fixed 2 MHz transducer and integral loudspeaker. Waterproof. Includes carry case, headphones, alkaline battery (9V) and gel.

D920-P-USA Audio Dopplex® w/o display

HUNTLEIGH MINI DOPPLEX® DOPPLER (WITHOUT DISPLAY)

Non-directional pocket Doppler with integral loudspeaker. Supplied with one transducer of choice, carry case, headphones, alkaline battery (9V), gel and operating instructions.

DRG PURETONE™ PEDIATRIC & INFANT STETHOSCOPES

Designed specifically for smaller patients. Features the superior acoustic response of the breakthrough ENR™ tube technology found on the Classic. Patented ENR™ (External Noise Reduction) tube technology significantly reduces the amount of external noise while optimizing internal acoustics. 40% less weight as a result of titanium chestpiece construction; also available in stainless steel. Both with conventional diaphragm functionality sized appropriately for use on smaller patients. GELseal™ eartips and Anti-Slip™ rings add comfort and style. Three year warranty.

WELCH ALLYN ORIGINAL HARVEY DOUBLE & TRIPLE HEAD STETHOSCOPES

Features a unique, dual-bore, one-piece latex tube. Solid brass chestpieces. Chrome-plated brass binaurals. Double head combines brass bell and flat diaphragm chestpieces to detect a wide frequency range of sounds. Bell is designed to fit into smaller areas to easily detect faint, low-frequency sounds and murmurs. Diaphragm transmits higher frequency heart and lung sounds. Triple head features three easily rotated chestpieces (bell, corrugated diaphragm, flat diaphragm). Clearly detects full range of important sounds from low to high frequency.

ADC® ADSOFT™ 601 CARDIOLOGY STETHOSCOPE

Threaded chestpiece drum allows rapid conversion from a pediatric diaphragm to an adult bell. Chestpiece precisely machined to exacting tolerance from surgical stainless steel for outstanding performance and rugged durability. Extra deep bell for unsurpassed low frequency response. Ultra-sensitive diaphragms for greater amplification and crisper high frequency transmission. Non-chill bell and diaphragm retaining rims for patient comfort. Large internal bore stainless steel binaurals are fixed at a 15° angle for greater comfort. Custom molded bilumen 19" PVC tubing stays soft and flexible. Latex free. Extra thick tubing walls minimize extraneous noise. Double leaf internal spring construction reduces bulk and prevents kinking when folded. Complete with one pair of PVC eartips and ADSOFT™ deluxe PVC eartips in small and large sizes for the ultimate in wearing comfort and acoustic seal. Complete with an accessory case containing the adult bell, 2 spare diaphragms, and two sets of eartips. Scope ID tag included. Weighs 9 oz (adult bell) and 10 oz (pediatric diaphragm). Overall length 28". Lifetime warranty.

ADC® ADSCOPE™ 600 CARDIOLOGY STETHOSCOPE

Unique design that combines the acoustic response of a traditional bell and diaphragm into a convenient one-sided chestpiece. Bell-type low frequency response is achieved by simply holding the chestpiece in place with light pressure. Firm pressure will produce diaphragm-type frequency performance. A rubber gasket recessed into the chestpiece alters the diaphragm permitting the scope to achieve multi-frequency response. Custom molded extra thick bilumen 19" PVC tubing stays soft and flexible. Extra thick tubing walls minimize extraneous noise. Includes one pair of plastic eartips and two pairs of ADSOFT™ PVC eartips (small and large). Overall length 28". Weight 8.5 oz. Scope ID tag included. Lifetime quality performance guarantee. Latex free.

DRG PURETONE™ CARDIOLOGY STETHOSCOPES

Provides the very best acoustics available through a dual lumen tube and a double-sided chestpiece. Patented dual lumen ENR™ (External Noise Reduction) tube technology significantly reduces the amount of external noise while optimizing internal acoustics. 40% less weight as a result of titanium chestpiece construction; also available in stainless steel. Both with conventional adult- and pediatric-sized diaphragm functionality and the added convenience of a traditional bell. GELseal™ eartips and Anti-Slip™ rings add to the comfort and style. Five year warranty.

ADC® ADSCOPE™ 656 ACOUSTIC STETHOSCOPE

Traditional appearance allows for easier migration from acoustic scopes. Electronic chestpiece amplifies up to 6.5X traditional acoustic scopes. Ergonomic chestpiece design positions all functions within easy reach. Frequency selector slide switch allows choice of high frequency (simulated diaphragm) or low frequency (simulated bell). Finger wheel volume control. Pressure activated power switch conserves battery strength. Frequency range is 20Hz to 200Hz at low setting, 20Hz to 2000Hz at high setting. Traditional bi-lumen binaural tubing assembly with lightweight German stainless steel aural tubes. Binaurals fixed at 15 degree angle for unsurpassed aural fit. Latex-free 22" PVC tubing. ADSOFT PVC eartips with threaded nylon insert for the ultimate in wearing comfort and acoustic seal. Overall length 31". Weighs just 6 oz. One year warranty on chestpiece, lifetime warranty on aural tubes.

DRG ECHO+PLUS™ TEACHING MODULE

Effective, yet affordable instrumentation to assist in teaching the fundamentals of auscultation as well as the identification of more complicated cardiac pathologies. The instructor can record patient sounds directly at the bedside using the DataLink and replay them through the teaching module to students who are using their own stethoscope in a simulated setting. Ten individual pushbutton sound storage locations. Nine separate listening stations and universal volume control. Self-contained design is effective, portable, and a valuable asset. Universal 110V power requirements. One year warranty.

WELCH ALLYN MEDITRON™ ELECTRONIC STETHOSCOPE SYSTEM

Welch Allyn has teamed up with Meditron AS of Norway to provide the first computer power and Auscultation combination. A unique, patented listening system that dramatically enhances sound clarity. Ideal educational tool. Records sounds and images and speeds consultant review and future analysis (based on Microsoft™ wav files). Should be used by any physical examination where additional amplification is required, including doctor's offices, EMS sites, veterinarian's office, tele-medicine site, hospitals, and medical schools. Reimbursement is the same as regular physical examination (multiple codes). 200 hours or four years of use from the battery. Excellent for use with "difficult patients" (weak sounds, obese patients, children). May be cleaned with a lightly moistened cotton wipe using chlorhexidine or alcohol. Does not contain any latex.

3M™ LITTMANN® TUNABLE DIAPHRAGM & RIM ASSEMBLY

36554	Diaphragm & Rim Assembly For Master Cardiology, Black Rim, 5/bg
36555	Diaphragm & Rim Assembly For Master Cardiology, Gray Rim, 5/bg
36556	Diaphragm & Rim Assembly For Cardiology III (large side), Cardiology II S.E., Master Classic II, Classic II S.E. & Select, Black Rim, 5/bg
36557	Diaphragm & Rim Assembly For Cardiology III (large side), Cardiology II S.E., Master Classic II, Classic II S.E. & Select, Gray Rim, 5/bg
36572	Diaphragm & Rim Assembly For Cardiology III (small side), Black Rim, 5/bg
36573	Diaphragm & Rim Assembly For Cardiology III (small side), Gray Rim, 5/bg
51159	Diaphragm & Rim Assembly For Littmann Lightweight II S.E. Stethoscope, Black Rim, 5/bg
51160	Diaphragm & Rim Assembly For Littmann Lightweight II S.E. Stethoscope, Light Brown Rim, 5/bg
51185	Diaphragm & Rim Assembly For Littmann Cardiology S.T.C., Black Rim, 5/bg

3M™ LITTMANN® STETHOSCOPE DIAPHRAGMS

1223760679	Stethoscope Diaphragms For Anesthescope, Not Printed w/Littmann Logo
36559	Stethoscope Diaphragms For the Cardiology II, Cardiology, Classic II, Classic, Lightweight, Blood Pressure & Differential Stethoscope, Printed w/Littmann Logo, 10/bg
36560	Stethoscope Diaphragms For Classic II Pediatric Stethoscope, Printed w/Littmann Logo, 10/bg
36561	Stethoscope Diaphragms For Classic II Infant Stethoscope, Printed w/Littmann Logo, 10/bg

3M™ LITTMANN® STETHOSCOPE IDENTIFICATION TAGS

Fits all sizes.

2171	Stethoscope Identification Tags, Gray, 5/cs
2170	Stethoscope Identification Tags, Black, 5/cs

3M™ LITTMANN® STETHOSCOPE REPAIR KIT CASE

44525	Stethoscope Repair Kit Case
-------	-----------------------------

3M™ LITTMANN® STETHOSCOPE EARTIPS

37808	Snap-Tight Stethoscope Eartips, Firm, Gray, Large, 10 pr/bg
37809	Snap-Tight Stethoscope Eartips, Soft-Sealing, Black, Small, 10 pr/ctn
37810	Snap-Tight Stethoscope Eartips, Soft-Sealing, Gray, Small, 10 pr/ctn
37811	Snap-Tight Stethoscope Eartips, Soft-Sealing, Black, Large, 10 pr/ctn
37812	Snap-Tight Stethoscope Eartips, Soft-Sealing, Gray, Large, 10 pr/ctn
38742	Snap-Tight Stethoscope Eartips, Firm, Gray, Small, 10 pr/bg
51161	Soft-Sealing Eartips, Light Brown, Large, 10 pr/ctn

3M™ LITTMANN® STETHOSCOPE NONCHILL BELL SLEEVES

For use with traditional two-sided chestpieces on 3M™ Littmann™ stethoscopes.

- 36544 Stethoscope Nonchill Bell Sleeves For Classic II S.E., Classic II & Lightweight, Black, 10/bg
- 36545 Stethoscope Nonchill Bell Sleeves For Classic II S.E., Classic II & Lightweight, Gray, 10/bg
- 36546 Stethoscope Nonchill Bell Sleeves For Classic II Pediatric, Black, 5/bg
- 36547 Stethoscope Nonchill Bell Sleeves For Classic II Infant, Black, 5/bg
- 36568 Stethoscope Nonchill Bell Sleeves For Classic II Pediatric, Gray, 5/bg
- 36569 Stethoscope Nonchill Bell Sleeves For Classic II Infant, Gray, 5/bg
- 36570 Stethoscope Nonchill Bell Sleeves For Cardiology III, Cardiology II S.E. & Cardiology II, Black, 10/bg
- 36571 Stethoscope Nonchill Bell Sleeves For Cardiology III, Cardiology II S.E. & Cardiology II, Gray, 10/bg
- 51162 Stethoscope Nonchill Bell Sleeve For Littmann Lightweight II S.E. Stethoscope, Black, 10/bg
- 51163 Stethoscope Nonchill Bell Sleeve For Littmann Lightweight II S.E. Stethoscope, Light Brown, 10/bg

3M™ LITTMANN® STETHOSCOPE SNAP-ON RIMS

- 36548 Stethoscope Snap-On Rims For Cardiology III (large side), Cardiology II S.E., Classic II S.E., Select & Lightweight, Black, 10/bg
- 36549 Stethoscope Snap-On Rims For Cardiology III (large side), Cardiology II S.E., Classic II S.E., Select & Lightweight, Gray, 10/bg
- 36550 Stethoscope Snap-On Rims For Cardiology III (small side) & Classic II Pediatric, Black, 5/bg
- 36551 Stethoscope Snap-On Rims For Cardiology III (small side) & Classic II Pediatric, Gray, 5/bg
- 36552 Stethoscope Snap-On Rims For Classic II Infant, Black, 5/bg
- 36553 Stethoscope Snap-On Rims For Classic II Infant, Gray, 5/bg

3M™ LITTMANN® STETHOSCOPE SPECIAL PROCEDURE ADAPTORS

- 36563 Stethoscope Adaptors For Cardiology II S.E. & Cardiology II, Black, 3/bg
- 36564 Stethoscope Adaptors For Cardiology II S.E. & Cardiology II, Gray, 3/bg
- 36565 Stethoscope Adaptors For Master Cardiology, Black, 3/bg
- 36566 Stethoscope Adaptors For Master Cardiology, Gray, 3/bg

OMRON CONNECTORS FOR SPHYGMOMANOMETERS & STETHOSCOPES

- 21-322 Plastic Connector Double Ended
- 21-326 Plastic Connector Male Part Only
- 21-327 Plastic Connector Female Part Only
- 21-328 Luer Lock Connector Complete Metal Set
- 21-329 Luer Lock Connector Male Part Only
- 21-330 Luer Lock Connector Female Part Only
- 21-331S Luer Connector Complete Metal Set

3M™ LITTMANN® ELECTRONIC STETHOSCOPE MODEL 4000 WS

Eighteen times the amplification (25 dB) of the most advanced conventional Littmann stethoscope makes difficult sounds easier to hear. Filter circuitry provides three frequency response modes for optimal heart and lung auscultation. Digital recording and storage of sounds on six distinct tracks. Instant playback at normal and half speed. Infrared transmission of recorded sounds to another Model 4000WS or IBM-compatible PC. LCD display in chestpiece, including heart rate readout. Twenty hours of continuous use from two AAA alkaline batteries. Excellent acoustic seal and comfortable fit with patented 3M™ Littmann® Snap Tight Soft-Sealing Eartips. Comfortably angled, anatomically correct headset. Patient-friendly, nonchill rim. Chestpiece sized for adult or pediatric patients. One-year warranty.

4000WS Electronic Stethoscope w/sound analysis software, 27" Black Tubing

DRG ECHO™ AMPLIFIED STETHOSCOPES

Highlighted by the benefits of both a conventional and digital stethoscope in one lightweight, portable design. Digital amplification assists in the identification of even the most subtle cardiopulmonary events, while its conventional bell and diaphragm modes provide clinicians with the security against unexpected battery failure during critical clinical interactions. 400% increase in amplification when in digital mode over typical stethoscopes, a heightened frequency response range, and batteries warranted to last up to 100 hours of use. Switches easily between three modes of operation: digital, diaphragm, and bell. Conventional acoustics accompany the bell and diaphragm modes. Patented dual lumen ENR™ (External Noise Reduction) tube technology significantly reduces the amount of external noise while optimizing internal acoustics. GELseal™ eartips and Anti-Slip™ rings are included. One year warranty.

EC3B27 Amplified Stethoscope, 27" Black Tube

DRG ECHO+PLUS™ DIGITAL RECORDING STETHOSCOPES

Versatility and digitally-enhanced amplification plus the diagnostic and teaching options of digital record and replay. Allows clinicians to instantly capture critical, unexpected heart sounds for future analysis or instant consultation with colleagues. Assists instructors in teaching students the fundamentals of auscultation. 400% increase in amplification when in digital mode over typical stethoscopes, a heightened frequency response range, and batteries warranted to last up to 100 hours of use. Switches easily between three modes of operation: digital, diaphragm, and bell. Allows fifteen seconds of recording time and two replay speeds. Conventional acoustics accompany the bell and diaphragm modes. Patented dual lumen ENR™ (External Noise Reduction) tube technology significantly reduces the amount of external noise while optimizing internal acoustics. GELseal™ eartips and Anti-Slip™ rings are included. One year warranty.

EC2B27 Digital Recording Stethoscope, 27" Black Tube

DRG ECHO+PLUS™ WITH DATALINK™ STETHOSCOPES

The push-button record, playback, and digital amplification features allows the ability to quickly download recorded patient data. By plugging in directly to a standard PC, the DataLink feature enable .wav file outputs for patient tracking and achieving, case study slide presentations and unlimited educational applications. A simple device to more effectively communicate with your students and remain current on your patient's progress. 400% increase in amplification when in digital mode over typical stethoscopes, a heightened frequency response range, and batteries warranted to last up to 100 hours of use. Switches easily between three modes of operation: digital, diaphragm, and bell. Allows fifteen seconds of recording time and two replay speeds. Conventional acoustics accompany the bell and diaphragm modes. Patented dual lumen ENR™ (External Noise Reduction) tube technology significantly reduces the amount of external noise while optimizing internal acoustics. GELseal™ eartips and Anti-Slip™ rings are included. One year warranty.

EC1B27 DataLink Recording Stethoscope, 27" Black Tube

DRG PURETONE™ TRADITIONAL STETHOSCOPES

The original stethoscope with the patented ENR™ (External Noise Reduction) tube technology is truly an innovation of design and function. Significantly reduces the amount of external noise while optimizing internal acoustics. 40% less weight as a result of titanium chestpiece construction; also available in stainless steel. Both with conventional diaphragm functionality. GELseal™ eartips and Anti-Slip™ rings are included. Three year warranty.

PT3B27 Traditional Stethoscope, 27" Black Tube

PT3N27 Traditional Stethoscope, 27" Navy Tube

PT4B27 Traditional Ti-Lite Stethoscope, 27" Black Tube

PT4N27 Traditional Ti-Lite Stethoscope, 27" Navy Tube

DRG STETHOSCOPE DIAPHRAGMS FOR ECHO™, ECHO+PLUS™ & PURETONE™

Durable, chemically inert and acoustically sensitive, and provide a level of protection unmatched in the industry. Add AgION™ Antimicrobial Compound to help prevent the growth of life-threatening microbes. Latex-free, C-Flex, medical-grade synthetic elastomer. Chemically inert, non-allergenic, and resistant to ripping or hardening over time. Warm against patient's skin, unlike traditional "anti-chill" rings. Disposable diaphragms are single use (packaged clean); antimicrobial diaphragms with AgION can be used for up to one month before replacement. Standard diaphragms available in white; AgION and disposable diaphragm colors are: red, green, orange, royal blue and maroon.

BR100-C-BK	Bell Ring, Cardiology, Black
BR100-CL-BK	Bell Ring, Traditional, Black

SS50-4PK-PAT	SafeSeal, Patriotic (2 Red, 2 Blue), Adult, 200/bx

Fast, easy access to the products you need.

The Confident Choice

Accuracy is critical. That's why more Pharmacists and Doctors recommend Omron to get the right information each time, every time.

The full Omron line of clinically accurate products includes: reliable Digital Blood Pressure Monitors, revolutionary MicroAir® and CompAir® XLT Nebulizers and mercury free Digital Thermometers.

Recent studies report that 60% of pharmacists recommend Omron Blood Pressure Monitors and 95% of customers are satisfied with the product.* It's no surprise Omron is the number one selling brand of Blood Pressure Monitors.

Nebulizers, Blood Pressure Monitors, Thermometers and a variety of wellness products all add up to greater sales and profit opportunities for you. Stock the brand that customers are asking for by name.

The right tools for reliable cardiopulmonary patient diagnosis

ECGs

- Optional interpretation capability
- Excellent trace quality
- Conventional desktop and PC-based units available
- Selectable QTc calculations
- Gender specific interpretation
- Extended patient storage

Holter Systems

- 99.95% accuracy
- QuickStep Wizard guides & instructional videos built in
- Reports ready to print in 90 seconds
- Rapid ROI - average 2 tests per week, system can be paid for within 6 months

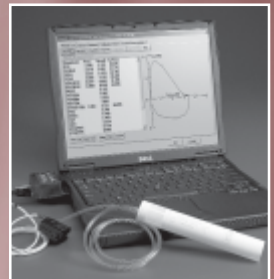

Defibrillators

- Automatic daily self-test ensures reliability
- Pre-connected, non-polarized pads eliminate confusion
- One-button operation
- Automatically adjusts to deliver appropriate defibrillation level

Spirometers

- Choose from conventional handheld spirometers or PC-based devices
- Easy to use
- All standard tests available

ABPM Systems

- Reliable and useful tools helps identify white-coat hypertension
- Multiple, scheduled readings for 24 to 48 hours
- Medicare and private insurance approved reimbursement

Pulse Oximeters

- Digital technology, lightweight and portable
- PC-card based products and conventional handheld devices available
- Neonate through adult monitoring
- Monitoring, Home Care, Sleep Mode

Stress Systems

- Touch-screen operation
- Intuitive interface and detailed reports
- Logistep™ feature for rapid data input
- Heavy-duty, quiet treadmill
- T-Wave Alternans testing
- Networking capabilities
- Laser printer option

Quality Supplies

- Assurance® fade-free paper
- Resting ECG electrodes
- Monitoring electrodes for ECG, Holter and Stress
- Spirometry filters and paper

Redefining Excellence

Miltex Surgical Instruments

3M Hand Hygiene

Solutions that recognize what hands are up against.

Hand hygiene is recognized as the single most important factor in preventing healthcare-associated infections. But it's not an easy task when time is precious, and when the elements used to clean hands—soap, water and brushes—create conditions that actually increase shedding of bacteria from hands. Fortunately, 3M can help.

3M™ Avagard™

(Chlorhexidine Gluconate 1% Solution and Ethyl Alcohol 61% w/w)

Surgical and Healthcare Personnel Hand Antiseptic with Moisturizers

The first and only FDA-approved waterless and brushless surgical hand antiseptic.

3M™ Avagard™ surgical hand prep is a brushless, scrubless hand antiseptic that contains 1% chlorhexidine gluconate solution and 61% w/w ethyl alcohol. It provides rapid antimicrobial kill of a broad spectrum of microorganisms, including antibiotic strains, and provides persistence for up to 6 hours.

3M™ Avagard™ D Instant Hand Antiseptic with Moisturizers

The waterless hand antiseptic with moisturizers that is CHG compatible, fragrance-free and latex glove compatible.

This CHG compatible antiseptic kills more than 99% of harmful bacteria and is available in pocket and pump bottle options for convenient access. No special trips to a sink are required.

3M™ Cavilon™ Moisturizing Lotion

Hypoallergenic, fragrance-free and does not break down latex or synthetic gloves.

Contains emollients for moisturizing and preventing dry skin. It does not affect the activity of chlorhexidine gluconate. Replenishes and soothes skin, making it easier for personnel to comply with facility policy concerning proper hand hygiene.

Comprehensive Life Insurance

AED+PLUS™

The only AED that both defibrillates and improves CPR.

The ZOLL AED Plus™ does more than just defibrillate. It is the only AED that insures infrequent rescuers respond appropriately during a sudden cardiac arrest emergency. How?

It coaches them quickly and simply through every important step of the rescue process.

Only the AED Plus with its exclusive, one-piece electrode can measure the rate and depth of chest compressions during CPR and can tell rescuers immediately how well compressions are being performed. With graphic and audio prompts that deliver instantaneous feedback, only the AED Plus insures rescuers can

perform the most effective CPR. And every victim needs the best possible CPR to survive.

When it comes to helping both rescuers and victims, nothing compares to the AED Plus. Choose the only AED that gives you comprehensive life insurance. Because too much is at stake. For complete information on the AED Plus, visit www.zoll.com/workplace.

"Employers should consider use of AEDs at their worksites to reduce the time to defibrillation with the goal of improving survival. AEDs are easy to use and can make the critical difference in reviving individuals who suffer a cardiac crisis."
